

Get Started with Our eSMS App Today!

Elevate your educational institution to new heights with our all-in-one solution, catering to various educational needs.

eSMS

In the dynamic landscape of education, an efficient and comprehensive School Management System (eSMS) has become an indispensable tool for every institute.

This technological innovation acts as the backbone of educational institutions, ensuring seamless operations, enhanced communication, and improved learning outcomes.

Key Features:

Here are some key features and benefits that make eSMS an indispensable tool for educational institutions:

Fees Payment Module

Parents can conveniently pay school fees through the application, receiving email receipts. Stripe online payment gateways make fee management effortless.

*Coming Soon

Exam Timetable

The app provides both students and parents with easy access to the exam timetable, streamlining exam planning and preparation.

Attendance Management Module

Teachers can view, add, and manage student attendance.

Academic Management Module

Administrators can manage student mediums, sections, subjects, class assignments, and teacher subject assignments.

Teacher Management Module

Administrators can create and manage teacher accounts.

Announcement Management Module

Announcement Management Module: Administrators can create announcements and assign them to specific classes, sections, or noticeboards.

Real-Time Attendance

Parents and students can view attendance records in real-time, ensuring transparency and accountability.

Result Viewing

Students and parents can check exam results directly in the application, eliminating the need for physical copies and providing immediate access to grades.

Holiday and Notices

The app offers access to holiday calendars, school events, and essential school information. The noticeboard feature simplifies updates and keeps

Student Management Module

Administrators can handle student admissions, details, categories, and password resets.

Parent Management Module

Administrators can access student-parent details, edit information, and remove records.

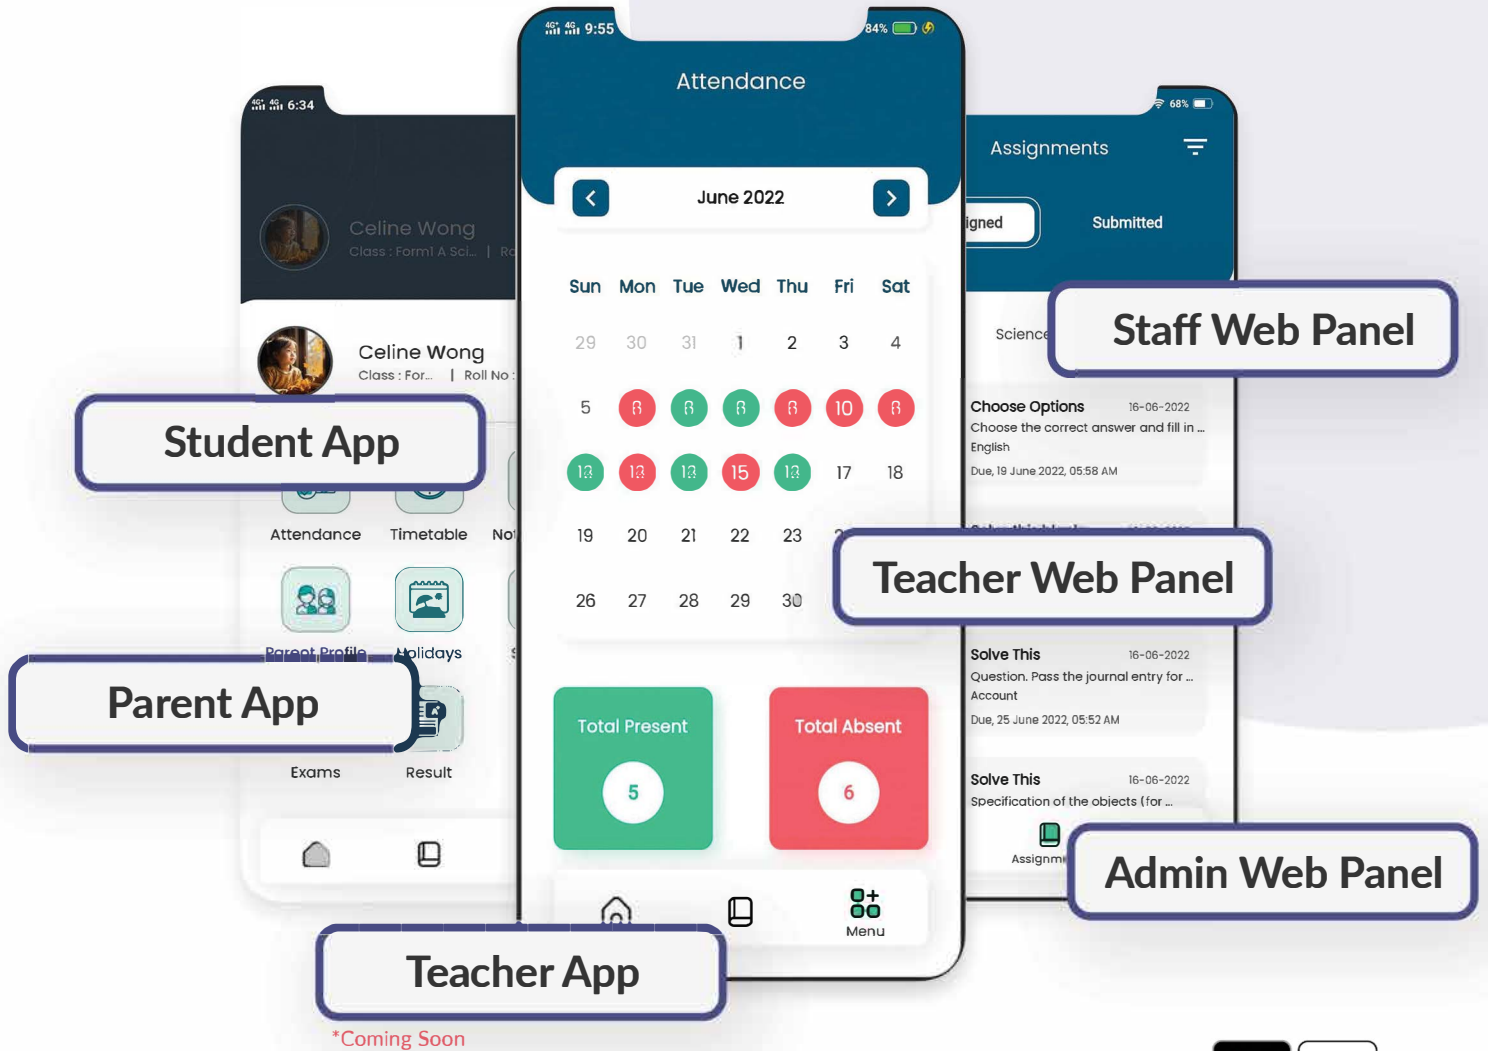

Staff Payroll and Leave Management

Efficiently automates payroll processing and simplifies leave tracking for streamlined workforce management.
